a smarter waste collection

CYCLONÉA

Electric assist cargo bike

The CYCLONÉA cargo bike was designed to navigate easily among pedestrians, enabling waste collection in hyper-centers.

Equipped with innovative technology, it can empty its 1.2 m³ of waste into a refuse collection vehicle in under 20 seconds.

Weight: base bike 175 kg + body 160 kg

Maximum authorized load: 650 kg

Payload: 300 kg / Volume: 1.2 m³

Specifications

- › Overall dimensions L/W/H (mm):
- › 3,500 x 1,100 x 1,890
- › 80 km range
- › Up to 300 kg payload
- › Top speed of 18 km/h

Comfort and Safety

- › Tipping in under 18 seconds
- › Strobe lights
- › Rotating beacon
- › Anti-rollback brake, start assist,
- › 360-degree vision,
- › Stabilizer legs during tipping
- › Emergency stop button
- › Backup alarm

Practicality

- › Drain valve
- › Shovel and broom holder
- › Side doors held in the open position
- › Wireless remote control for activating
- › the raising and lowering of the body

Options

- › Side reflective strips
- › Roll-up net to increase and cover the contained volume
- › Two-part partition for collection and sorting
- › Customizable

Vehicle leasing, a winning option!

Now, more than ever, waste collection companies and local authorities are having to focus on controlling their finances. In order to allow market players to pursue a viable business policy, FAUN is progressively developing its concept: «Vehicle leasing - a winning option»!

The outsourcing arrangement proposed by FAUN allows companies and local authorities to make a detailed budget plan, thus increasing control over their investment (IFRS standard) and operating budget, without impacting their borrowing power.

Effective maintenance management and a high-tech vehicle fleet speeds up vehicle turnaround times.

FAUN provides its partners with a vehicle fleet ranging from 5 to 29 m³: Citadines for city centre waste collection, waste collection trucks for picking up household waste, industrial waste, organic waste and bulky waste, whether in trays or underground containers, together with road maintenance vehicles.
